Honorable Rogers Anderson, Mayor
and Honorable Board of Commissioners
Williamson County
1320 W. Main Suite 125
Franklin, TN 37064

Dear Mayor Anderson and Board of Commissioners:

This letter acknowledges receipt of a certified copy of the fiscal year 2026 budget.

We have reviewed the budget and have determined that projected revenues and other available funds are sufficient to meet anticipated expenditures. Our review of the budget is based solely on the information we have received. With regard to programs included in the budget such as education, roads, and corrections, we have not attempted to determine that the local government has complied with specific program statutes or guidelines, or with any financing requirements prescribed by any state or federal agency. Please note local officials are required to ensure the budget remains balanced throughout the fiscal year and that all maintenance of effort requirements are met – our office has not reviewed or approved any maintenance of effort programs in this budget. Budget amendments must be uploaded to our online portal for formal acknowledgement after they are approved by the local governing body: tncot.cc/budget-submission.

This letter constitutes approval, by this office, for the County's fiscal year 2026 budget as adopted by the County Commission.

Budget Considerations

During our review of the budget we identified the following items for your attention.

General Purpose School Fund

During a review of the budget we noted that the General Purpose School Fund is budgeted to use \$48,312,803 of its fund balance and that it appears approximately \$36,139,305 is being used for recurring expenditures. Proper financial management calls for recurring expenditures to be funded by recurring revenue. The use of fund balance does not make the fund unstable for FY 2026, but we bring this to the attention of the County Commission to prevent future financial instability. Please see our paper: Seven Keys to a Fiscally Well-Managed Government (tncot.cc/7keys) for guidance on a structurally balanced budget.

Cash and Fund Balance Reserves

As part of the annual budget submission process, you provided projected beginning cash and fund balances for each fund. Based upon our analysis, the General Purpose School Fund is projected to end the fiscal year with cash and fund balances that are less than one month's average spending. The Fund appears to have sufficient cash during the fiscal year to remain balanced; however, to ensure this continues, we recommend the County adopt a policy to maintain a minimum amount of cash reserves and a minimum amount of fund balance and adopt a budget that meets minimum reserve requirements. As a best practice, we recommend minimum reserve amounts of 16.7%, or 2 months of the average spending.

Commendation

We commend the governing body for adopting this year's budget prior to the beginning of the budget year. Timely adoption will result in better management of public dollars in the coming year by immediately instituting appropriate budgetary controls. Adopting the budget in a timely manner allows your financial staff more time to close the official accounting records and have those records available for audit no later than two months after the close of your fiscal year as required by Tenn. Code Ann. § 9-2-102.

If you should have questions or need assistance, please refer to our online resources or feel free to contact your financial analyst, Charlie Lester, at 615.401.7762 or Charlie.Lester@cot.tn.gov.

Sincerely,

Sheila Reed, Director
